Curriculum
The Master of Science in Management Science degree is a 36 semester credit hours (STEM) degree program that has been designed for students who need highly marketable managerial and technical expertise in 18-24 months. This degree program has:
• A focused set of required management courses based on market demand.
• A flexibility that allows students to choose a variety elective courses and concentrations.
• Convenient class scheduling, including online classes.
• 36 months optional practical training (international students).

The MS in Management Science degree program allows students to design a program of study that fits their specific needs by pulling courses from the Jindal School Graduate Catalog to satisfy elective requirements. Students are encouraged to choose a concentration in at least one of the areas listed below to gain an in-depth knowledge of a specific business area, such as:
• Accounting
• Business Analytics
• Electronic Commerce
• Energy Management
• Finance
• Healthcare Management
• Information Technology Management
• Innovation and Entrepreneurship
• Internal Audit
• International Management
• Leadership in Organizations
• Marketing
• Organizations
• Real Estate
• Strategic Management
• Supply Chain Management
• Systems Engineering and Management

The goal of the program is to help students acquire principles and techniques to develop creative solutions in a changing business environment and contribute quickly to company success within their area of specialization.

Career Options
Graduates of the program seek such positions as: budget analyst, business analyst, financial analyst, healthcare services manager, human resources manager, marketing manager, operations manager, project manager, sales manager, and a variety of other analytical and managerial positions.

Degree Program
The MS in Management Science requires the completion of a minimum of 36 semester credit hours. For complete admission and degree requirements, view the Graduate Catalog at catalog.utdallas.edu.

The University of Texas at Dallas Naveen Jindal School of Management (JSOM) is the largest of UT Dallas’ eight schools, with an enrollment of about 9,100, more than half of whom are graduate students. The school provides outstanding tuition value, a wide variety of classes on campus and online, flexible scheduling and a convenient location. The Jindal School of Management keeps abreast of business needs as an essential component in providing students with rigorous training and relevant skills for professional success. Programs are offered at the undergraduate, MBA, master’s, PhD and executive levels. Programs are organized around six broad topics of business specialization:

- Accounting
- Finance and Managerial Economics
- Information Systems
- Marketing
- Operations Management
- Organizations, Strategy and International Management

A broad array of internship and scholarship opportunities is made available to Jindal School students each academic year. The school operates its own Career Management Center, which students may use in addition to the campus-wide UT Dallas Career Center. More than 50 student organizations are based in the school. Most of these focus on career development in specific fields and build networking, internship and employment opportunities. U.S. News & World Report (2019) ranks the school’s Full-Time MBA program at No. 40 (tied) in the nation and tied for No. 19 among public university programs in the United States. In the same ranking, the publication places the Professional (Part-Time) MBA at No. 20 in the nation.

Faculty
The Jindal School offers a variety of degree options at the undergraduate, graduate, master’s and PhD levels. The school’s relevant, rigorous curriculums were developed by exemplary teachers and leading researchers. The outstanding faculty members bring a wealth of intellectual capital, and they often come because UT Dallas enthusiastically encourages and supports scholarly inquiry and innovative teaching. New discoveries, along with faculty members’ expertise, inform the academic programs at every level.
